Message from the President and CEO

Every individual at Kinark wants to work for an organization they feel proud to be part of.

Our Code of Conduct complements our Vision, Mission, and Values by describing what we can all expect of each other and what our clients can expect from us. Our Code of Conduct has been updated with the help of our clients and staff from all parts of the organization. The updated Code of Conduct reflects Kinark's ongoing commitment to maintaining a positive and respectful workplace for all.

Kinark employees and volunteers work every day to do their very best for our clients. Our updated Code of Conduct will help all of us build a culture and environment where everyone feels valued, respected and empowered to contribute their best work.

The updated Code of Conduct is now organized around five principles:

- Integrity
- Equity and Inclusion
- Excellence
- Client and Family-Centeredness
- Right to Privacy

The Code of Conduct works alongside our other policies and procedures; it doesn't replace or supersede them. Let's challenge ourselves and each other to learn and grow as we launch the updated Code of Conduct and continue to make Kinark a place where everyone can thrive. The success of Kinark rests upon the collective efforts of each one of us, and together, we can create an environment that sets the standard for excellence.

If you have any questions or comments, please talk to your Supervisor, your Director, or your People and Culture Business Partner.

I am confident that by working together, guided by our Values and this Code of Conduct, Kinark will continue to be a leader in our sector and a model of integrity and excellence in serving our clients and communities that we can all be proud to own.
